GRAYLING, MICHIGAN, FEBRUARY 28, 1929

OSCAR P. SCHUMANN, Editor and Proprietor

NUMBER 9

## BASKET BALL TOURNAMENT MAR. 7-8-9

TWELVE TEAMS ENTER CONTESTS, 4 IN CLASS C

Event Awaited With Much Interest—Keen Rivalry Exists

What many may proclaim the tastiest dish on the state's interscholastic sports menu is about to be served. Within the next few days hundreds of high school basket ball teams in Michigan will pack their equipment and depart for district tournaments, the first step in the long and arduous climb to the state championships.

On March 7, 8 and 9 some thirty-five communities will be the centers toward which these young knights of the rubber soles will gravitate as they seek the elusive and highly prized titles. As has been the custom in the past there will be three classes of competition, B, C and D. There will be state honors for all these divisions. The Class A schools will not compete until the regional tournaments are staged.

In each district one or two teams will be picked to go to the regional affairs where the entries for the big final roundup in Detroit will be determined.

Five counties will be represented when teams gather in Grayling for the district tournament to be held here. Otsego, Crawford, Ogemaw, Roscommon and Missaukee counties will have complete representations on hand to try for the title. Last year the event here drew nearly 2,500 people, better than the average mark set around the state for such affairs. An attempt will be made this year to interest new legions in this spectacular sport event so that Grayling may step out in front so far as attendance figures are concerned.

At the present the teams are swinging into the last games on their regular schedules. Coaches and players are giving attention to these contests of course, but the eyes of all are turned more or less upon the impending tournaments. Regardless of the success that may have been obtained for a team during the season, it will start the tournament competition with a clean slate. Past performances do not count for anything in these final tests. Everything to gain and nothing to lose, will be the attitude of the less fortunate quintets while the victorious combinations must look well to their laurels won during the season.

In most instances, followers of the respective teams will be drawn to the district matches. Each tournament site has been picked because of its facilities and geographical location. The home town fans will have relatively short distances to travel to the district matches, another factor that works for large crowds of spectators.

The court carnival will draw about 5,000 boys from Michigan's high schools. The cream of the new crop of athletic talent will be placing its capabilities on display and the eyes of Michigan basket ball lovers will be riveted on these preliminary contests. Trophies will be awarded to winning district teams, the only material evidence of court proficiency.

### Opening Games

(Afternoon games start at 2; evening at 7:15 Eastern Standard Time.) The local program will start Thursday afternoon at 2:00 o'clock with the following events:

Houghton Lake vs. Prescott.  
St. Mary's of Gaylord vs. St. Joe of West Branch.  
Beaverton vs. Vanderbilt.  
The evening games will start at 7:15 o'clock. Following are the games scheduled for Thursday evening:  
Roscommon vs. McBain.  
Grayling vs. West Branch.  
Gaylord vs. Lake City.  
All of the above teams are in class D with exception of Grayling, Gay-

lord, West Branch and Lake City all of which are class C teams.

## Hospital Notes

Mercy Hospital has been a busy place for the past few weeks. This week finds them with 22 patients.

Nels Soderberg, a resident of Grayling many years ago, but now of Johannesburg, entered the hospital Monday for treatment.

Roy Alexander, of Vanderbilt, an employee of the M. C. R. Co., underwent an operation at Mercy Hospital Tuesday morning.

Mr. and Mrs. Raymond Groesbeck of Gaylord are both patients at the hospital, where they are receiving medical treatment, having not fully recovered from attacks of the flu.

Mrs. Bruce Rutledge of Roscommon was brot to the hospital Tuesday quite ill and submitted to an operation Saturday morning.

Dr. DeVere Miller of Cadillac and a physician from Lake City were in Grayling Tuesday in consultation with Dr. Keyport concerning the condition of Ivrey Corwin, who has been a patient at the hospital since the middle of December. Mr. Corwin had the misfortune to badly crush one of his legs while at work at Mott's camp near Frederic.

Mrs. Ward Waller, wife of Attorney Waller of Cheboygan, returned to her home Saturday having been at the hospital for a couple of days during which she had her tonsils removed. Mrs. Waller on consulting one of the physicians at Harper hospital, Detroit recently, was advised to come to Grayling and have the operation performed by local physicians.

Mrs. Ruth Mack and daughter, who have been patients at the hospital were dismissed Tuesday.

Mrs. Frank Tetu entered the hospital Friday night having been threatened with bronchial pneumonia. However she is getting along nicely. Their little two months old son Frank X. III is also a patient at the hospital being ill with a bad cold.

Mrs. Maurice Gorman underwent an operation Friday morning for the removal of her appendix, and although quite ill for a few days is resting easier at present. Little Clayton Gorman is also a patient at the hospital having a siege of laryngitis.

Otto Mahneke, caretaker at The Pines who has been a patient for a number of weeks having had a siege of pneumonia is now able to be up and around and will soon be leaving the hospital.

James and Alvin Kolka, children of Mr. and Mrs. Joseph Kolka, who have been ill with the flu are getting along nicely now.

Miss Lola Craven, student nurse has been off duty for a couple of weeks because of illness.

Mrs. Alfred Galloway entered the hospital Friday.

Mrs. William Smith of Mio who underwent an operation the fore part of last week is getting along nicely.

Mrs. Cora Tracy of Lewiston underwent an operation Saturday morning.

David Cherwinski, clerk in the Thompson store at St. Helen, is recovering nicely from an operation he underwent recently.

## DEMOCRATIC CAUCUS

The Democratic electors of the township of Grayling will meet in caucus at the Town Hall, Grayling, Mich., on

Tuesday, March 12 at 8:00 p. m. Standard Time, for the purpose of nominating the following township officers, to-wit: 1 Supervisor, 1 Clerk, 1 Treasurer, 1 Highway Commissioner, 1 Justice of the Peace, 1 Member of the Board of Review, Overseers of Highways, Districts Nos. 1 and 2, and 4 Constables.

Dated February 26, 1929.  
By order of Township Committee:  
C. O. McCullough, Chairman.  
A. J. Nelson.  
Alfred Hanson.

1—Pacoima dam at San Fernando, Calif., highest in the world, that has just been completed at a cost of \$2,500,000. 2—Dutch postal men taking the mail across the frozen Zuyder Zee during the extreme cold weather in Europe. 3—Huge Fairley-Napier monoplane that will attempt a nonstop flight from Cape Town, Africa, to northern Scotland, more than 4,000 miles.

## BUYS LARGE CEMENT PLANT

NORTHERN SALVAGE CO. HAD BUSY YEAR

Without much fuss or commotion the Northern Salvage Co. of Grayling kept right on doing business on large lines—buying and scrapping industrial plants.

Their most recent purchase is the huge cement plant at Fenton, Mich., a property belonging to the Peerless Egyptian Cement Co., of Youngstown, Ohio. Competition in the purchase of the plant was brisk, there having been bidders from Detroit, Cleveland and Saginaw but the Grayling Company won out.

The Northern Salvage Co. of Grayling is owned by Harry Helper and Harold G. Jarmin of this city and their place of business is the property that was formerly the Du Pont plant.

Mr. Helper and a crew of ten men are already busy on the job of scrapping the cement plant. There are several thousand tons of cast iron and steel in this plant, together with a large amount of copper, brass and other fine metals. Much of the machinery in the plant is ponderous and contain many tons of metals. In the plant there are two immense Corliss engines the flywheels of which are 18 feet in diameter and four feet wide; four huge boilers; seven railroad tracks and scores of other articles most of which will go into scrap. Also in the equipment there is a lot of machinery and apparatus that are serviceable and that will bring a ready sale. The firm hopes to have the plant cleaned up in about two months.

The Northern Salvage Co. started in business here December 1, 1927, when they took over the remainder of the E. I. du Pont de Nemours & Co. property here. Soon after they purchased the wreckage of the wheel works of Lobdell Emery Mfg. Co. at Onaway that burned some time before. This proved to be a good investment bringing excellent returns to the purchasers. Last year they wrecked and dismantled seven mills and plants, among which were the above mentioned wheel works, the Michelson Saw mill at Michelson and many others.

A recent carload shipment of brass, copper and other metals brot in a sum of money that is believed was equal in value to that of any other carload of material that was ever shipped out of Grayling. They still have a vast quantity of material left at the du Pont plant and at Onaway they still have on hand eight to ten carloads of iron piping which is already for shipment at any time, as well as a large amount of iron and equipment at a dozen places about the state.

When asked if it wouldn't pay to try to sell the machines and materials for second hand use we were informed that while some of these things were in excellent condition that time was of greater importance to them as they could be on their way to other jobs that seem to be awaiting them.

The matter of scrapping industrial plants is not an easy one as it requires expert knowledge of metals and of ways in handling them for shipment and also knowing where to find a profitable market. Altho the Northern Salvage Co. has been doing business but little more than a year they already are well known in the east and central states where they have already established an excellent reputation. The operations of this company is bringing to Grayling a lot of attention and much favorable publicity.

## GOODFELLOWSHIP CLUB NOTES

The club were entertained Monday afternoon at the home of Mrs. Oscar Schumann. After the business session Mrs. Geo. Alexander who had charge of the program read an article on "Synthetic Silk" by Frank Bohn.

The next meeting will be with Mrs. Lorana Sparks.

## School Notes

(Written by the students of the English classes.)

Eighth Grade Gives Assembly The eighth grade entertained the High School students Thursday by an assembly, given in honor of the birth-days of our two noble patriots, Abraham Lincoln and George Washington.

Rev. Fr. Culligan gave a very interesting talk on "Americanism" after which several selections were given by the High School orchestra. Mr. Bogue introduced the new High School Creed which the Student Council has been working on for some time. Several songs were sung, led by Miss Quackenbush and Mr. Hill. The seventh grade will be next to put their assembly on the agenda. They will be no complaints if they do as well as the eighth grade.

Student Council Citizenship Creed Completed

For a number of weeks the Student Council has been trying to decide on a High School Creed. Each grade handed in a creed which they thought best. From these the Council chose the best, and last week had the new "Grayling High School Citizenship Creed" ready.

At the assembly last Thursday Mr. Bogue presented this creed which was originated by the Juniors, to the student body. Each of the students received a separate copy of the creed to study. It is so arranged that the first letters of the principles of good citizenship taken together spell out the word citizenship. Under each principle are different suggestions for carrying out that principle. It seems to be very well worded, and, no doubt, will prove to be successful.

Grayling Bows to Boyne City

Last Friday night Grayling High School boys lost the first game on their home floor when they bowed to Boyne City to the score of 23-19.

The local girls played to a tie of thirty all. Another game to decide the championship of Northern Michigan will be played next Friday at Boyne City.

Both of Grayling's teams have good records for the year, the girls having won six and tied one; and the boys having won ten and lost two.

Leona Markby is back at school once more after an illness of several days.

The Chemistry classes received a pleasant surprise this week when Miss Lewis informed them that they would have no exam for the six weeks. However they are to prepare a report which should be about five minutes in length and, therefore, will require a lot of material. This promises to be interesting, and some of the students are anxious to get it over with.

The boys are practicing hard preparing for the District Basket Ball tournament, March 7-8-9. There are four teams entered in class C, which promise to furnish some thrilling battles in the class C division. They are Lake City, West Branch High School, Gaylord, and Grayling.

This is the fifth week of the second semester, and most of us who are interested are studying hard to earn good marks.

The Chemistry students have been kept busily engaged cleaning up the laboratory. Some of the boys who never think of helping their sisters or mothers with the dishes at home plunged into the sudsy water as if it were great sport. Good work, boys, you've got to know how sometime and it's now or never.

The Biology students have been dissecting grasshoppers and naming each part. The boys seemed to make great fun out of it, but the girls were a little timid about "cutting the insides up." This work however is progressing very nicely.

The Chemistry students submitted plans and drawings for the chamber process of preparing sulphuric acid. Many were really remarkable pieces of art.

The American History classes are just completing the study of the Civil War.

Daisy Heath visited school last Friday.

The French I class frequently have visitors now. Last week Margaret Warren visited the class and seemed quite interested in the French conversation going on between pupils and teacher.

## BOYS LOSE TO BOYNE CITY

GIRLS TIE 30-30 IN HARD GAME

Grayling High school boys basket ball team lost to Boyne City in a fast game last Friday evening 19 to 23. The girls team finished in a tie 30-30.

A large crowd turned out to see the games and were treated to two excellent exhibitions in basket ball. Boyne City boys started the scoring and held a slight lead during a part of the game. The first half gave the visitors a 12 to 7 lead. Grayling tied the score and went into the lead during the second half and lost at almost the close of the game when Boyne City rump up two baskets. The game ended 23 to 19 in Boyne City's favor.

Referee: Milnes.

Preceding the boys game was the game between our girls and Boyne City. Grayling took the lead and held it thruout the game until the final period when the visitors tied the score. The first half stood: Grayling 16, Boyne City 11. Second half: Grayling 30, Boyne City 30.

Due to the fact that it had been a hard game for both teams their coaches decided to comply with the rules governing girls games and not play off the game officially. However the girls took the floor again and in three minutes play Grayling gained a free throw for one point and Boyne City a field goal for two points.

Quite a good size crowd accompanied the Boyne City players and right from the start they started hooting some of the decisions of the referee. Usually the crowds that come to the Grayling games show good sportsmanship but that fine spirit seemed to be lacking on the part of some of the visitors. Cushman refereed the first half of the girls game and we failed to detect any favoritism toward either team. Miss Griffith, coach for the Boyne City girls team refereed the last half and the visitors made no complaint when that official failed to see the unfair overguarding on the part of the Boyne City guards. Otherwise there wouldn't have been a tie game, Grayling deserved to win. It is rare that this newspaper comments on the work of the referees at the local games but it seems apparent that the Grayling girls were not treated fair by their referee.

A lot of fun was had in the preliminary game between Rev. Greenwood's Tigers vs. Father Culligan's Knights. The Tigers won 10 to 5. The lineups were as follow:  
Knights—"Dago" Laurant, captain; and Smock, forwards; Gannon, center; SanCarter and Garner, guards. Tigers—Doroh, captain, and Gierke, forwards; Axel Larson, center; Pankov and (Clyde) Peterson, guards.

They played only a half and when the whistle blew all were ready to quit, and for several days thereafter there were many aching muscles to help remind them of the fine game they had. Anyway they gave the crowd a good time, and that is what the game was for.

## REPLY TO CRITICS

Replying to the article appearing in the Avalanche last week and signed by a number of citizens we would like to say that the word "distinction" is unknown to the members of the present Council, but common sense and good judgment will tell you what it means with a sewer clogged up, and the same backing up into cellars along the line. This had to be remedied and all is now in good order again.

As to the frozen waterworks, we have an electrical apparatus coming for use in thawing out frozen water pipes, such as is being used in cities around us. This should be here soon and Julius Nelson will attend to the frozen water pipes.

In behalf of the Village Council I remain,

Yours truly,

H. Petersen, President.

## WOULD NAME FOREST FOR LUNDEN

REP. GREEN, HILLMAN, ACTS TO PERPETUATE MEMORY OF CONSERVATIONIST

The memory of the late Herman Lunden, of Lewiston, is to be perpetuated through the naming of the Montmorency State Forest the Herman Lunden State Forest, under provision of a bill which Rep. William Green, of Hillman, has prepared, and which is assured passage in the Legislature, with the support of the conservation department.

Mr. Lunden, who dropped dead recently in Bay City was a member of the conservation commission for six years during the Groesbeck administration. Reforestation was his hobby. He was a lumberman himself, and saw thousands of acres of Michigan virgin timber fall before the woodsman's ax.

It was largely through his efforts that the Montmorency state forest was established, and now it is planned to name it after its founder.

During the years Mr. Lunden was on the conservation commission he gave hundreds of acres of land under his control for state forests, as well as obtained from other large lumbering interests other large tracts in both the upper and lower peninsula.

Mr. Lunden was one of the pioneers in conservation work in Michigan who demanded that frontage on all important lakes and streams be secured by the state to insure public access to them. He was also a pioneer in the movement to obtain for the State game refuges and public shooting grounds.

## Michelson Memorial Church

John Wilfred Greenwood, Minister

Sunday, March 3, 1929

(I was glad when they said unto me, let us go to the house of the Lord.)

10:30 a. m. The last of the series of six sermons on the theme "I believe" was given. The subject for the morning worship is "I believe in the resurrection of the body, the life everlasting." If you have lost in life, if life means anything to you, you will not miss this service.

7:30 p. m. "The choice of vocations." A special message with high school students in mind. What are you going to do with your life? "He saved others; himself he could not save."

We can never forget the mocking cry of those who cried out "If Thou be the Son of God, come down from the cross." And in speaking of His death there, "He saved others; himself he could not save."

They did not know what a biting truth they expressed. For if the Master had thought of saving Himself, he could not have saved others, nor in the end, have saved himself.

Jesus taught us through a terrible dramatization of it, that the first law of nature is not self-preservation but the preservation of others. If the Church is the body of Christ, has she any right to be more careful of her corporate life than Jesus was careful of himself? In this Lenten period, we ask "How can the Church save itself?"

## MRS. JOHN MATTHIESSEN DIES SUDDENLY

BECAME EXCITED OVER SMALL FIRE AND SUCCUMBS TO SHOCK

Mrs. John Matthiesen, one of Grayling's well known residents passed away at her home suddenly Tuesday morning in a peculiar manner. She had discovered that a small room in the rear of their home was on fire caused from an overheated oil stove and became so excited over it that she expired from the shock about 15 minutes later. Although she had been in ill health for years and many times little hopes were held for her recovery, her death Tuesday forenoon came as a distinct shock to her husband and friends. The fire did little or no damage and was extinguished with a couple of pails of water by neighbors, who heard her screaming after she had turned in the fire alarm.

The funeral will be held Friday afternoon with brief services at the home at 2:00 o'clock, followed by services at 2:30 o'clock at Michelson Memorial church.

Delia Fobert was born June 28, 1864 in New York state, where her girlhood was spent. When quite a young woman she was united in marriage to Thomas Franklin and to the union one son John was born, who resides in Green Bay, Wisconsin. On September 6, 1901, she was again united in marriage this time to Geo. Isenbauer in Bay City. They resided in that city for a short time following their marriage when they came to Grayling. No children were born to this union, but they adopted a niece of hers, Genevieve Fobert, who is now Mrs. Causley and resides in Bay City. Mr. Isenbauer died May 4, 1917, and in June 1918 Mrs. Isenbauer was united in marriage to John Matthiesen, who with the son and adopted daughter survive the deceased, together with two sisters and four brothers, Mrs. Eugene Lavigne, Fred and John Fobert, Flint; Mrs. Libbie Anthony, St. Johns, Toronto; Thomas Fobert, Manistique; and Jerry Fobert, Fall River, Massachusetts.

Mrs. Matthiesen had resided in Grayling off and on for close to forty years, and was known to almost everyone. She was of a happy disposition and always had something cheerful to say. In her young days she was the life of many pleasant gatherings. She was highly esteemed by her neighbors and friends, and her sudden demise is regretted by many.

She had belonged to many social orders, but when ill health came she gave many of them up, but at the time of her death was a member of the local Maccabee lodge.

The bereaved husband and other members of the family have the sincere sympathy of many in their bereavement.

## REPUBLICAN CAUCUS

The Republican electors of the township of Grayling will meet in caucus at the Court House, Grayling, Mich., on

MONDAY, MARCH 11, 1929

at 8:00 p. m. Standard Time, for the purpose of nominating the following township officers, to-wit: 1 Supervisor, 1 Clerk, 1 Treasurer, 1 Highway Commissioner, 1 Justice of the Peace, 1 Member of the Board of Review, Overseers of Highways, Districts Nos. 1 and 2, and 4 Constables.

Dated February 26, 1929.  
By order of Township Committee.

## Electric Company's Special Bargains

- 1 Cabinet Kelvinator, redecorated and completely overhauled, as good as new, for \$148.50
- 3 Monarch Ranges, brand new. Get that Range now while the price is only \$99.50 installed.
- 2 Premier-Duplex Cleaners. Trade in your old cleaner for a \$10.00 allowance. Special offer for this sale only.
- 1 Junior Westinghouse Cabinet Range installed \$145.00
- 1 Westinghouse Console range installed 87.50
- 1 Automatic Hot Point Range installed 158.50
- 5 Automatic Washers, special price 79.50
- 1 Maytag Washer, special price 92.50

These appliances are ready for your inspection. Call 154 for a demonstration.

#### GOODBYE DOODLE BUG MAN

The days of the "doodle bug" man, that seer of seers who travelled about the land using his boasted wizardry and mysterious instruments to determine mineral wealth beneath the surface, have long since been numbered but, if he actually ever occupied a position of economic importance, he is being pushed out of it by scientifically designed devices.

Experiments being conducted under the direction of the geological division of the state department of conservation are steps taken to prove the worth of the resistance variometer, an instrument to measure electrical resistance through different substances, e.g., through different kinds of rock strata. If, after extensive work, the engineers decide its results may be relied upon, the instrument may be of great value in the world of geological science.

The variometer does not determine the ore or pools of oil. It does not possess such exact information as the "doodle bug" man professed to have in his crocheted stick, but, providing the resistance variometer makes good it will be possible to determine the depths of certain rock formations. Knowing the depth of these formations, it is possible to deduct whether or not geological conditions are favorable for oil or gas.

The new device is very simple in structure. It may readily be transported in a light automobile, another feature that fits it for use in almost any region. Many "bugs" or frailties of its structure have been eliminated through study during the past winter season. With the coming of spring, a party will be sent into the localities for experimental work, where oil and gas-bearing structures have been accurately determined by many drill holes and wells. The instrument will be carefully checked against this knowledge for possible discrepancies. It was planned to carry on work in the field during the winter months but the men interested in the development discovered that they could not sink their steel pins through the frost readily and this handicapped their efforts.

#### THE SUMMER VISITOR

Michigan proposes to spend \$100,000 in advertising the vacation opportunities of the state. The money will be used to invite people from other states to come here for their vacation period. We want them as our guests and are willing to go to the expense of sending them an invitation.

It will be money well expended. We will enjoy the company of these visitors and hope they will enjoy the cordiality to be found here. They will come in quest of rest and recreation and will not be disappointed. With thousands of green-tinted hills, where nestling lakes abound, there is health, happiness, and new life to be found. They will not be sorry they came.

#### OUR FUTURE HEROES

As a nation we deplore war, yet continue to raise to stardom those who practice it as a profession. Heroes of peace many times remain unhonored and unused.

It is now proposed to reverse this ages old custom by putting peace accomplishments ahead of those gained upon battlefields. It is true that the nation needs its defenders, but it also needs those willing to sacrifice in the interest of science. Both are necessary for our national progress and security.

Teaching children through history books to revere the heroes of peace, while minimizing deeds of valor on battlefields, is said to be the purpose of an entire new course of study of national and world history now being prepared for use in the school systems of this country.

The idea appears both sound and sensible. We have been in a habit of placing too much stress upon those who walked to glory through seas of blood, forgetting the heroes of science struggling to give us longevity and comfort.

Such a change will not dim the lustre of those who have already walked across the pages of history, but will give encouragement to those engaged in prolonging the life of the human race and providing new things for its creative comfort.

#### THE VALUE OF SINCERITY

We cannot believe that the situation is so serious as the metropolitan press reports indicate.

We refer to some of the legislative problems with which Michigan legislators are now struggling, particularly with those having to do with raising funds for an institutional building program.

The situation will come out all right because of one important factor—the inherent honesty of the principals.

Governor Fred W. Green is a governor who is sincere in purpose. We believe him to be reasonable in attitude and fair in consideration of all problems that will come before him. The legislature is a body dominated by ideals of service. Those of its members who wish to inject discord in its deliberation for political purposes will get little sympathy from the people of Michigan.

The necessity for immediate relief for those confined in state institutions is apparent. Thousands are roaming the streets in need of hospitalization. In the face of these pressing needs some method of solution will be found.

We still have faith in those engaged in this task.

#### MING BILL DELAYED

Progress of the Ming amusement tax bill has been temporarily halted. What was first hailed as a measure due to receive immediate passage in the lower house at Lansing, has been temporarily delayed while members sought a little time in which to study its provisions and possible effect.

Whipped into line at first under powerful pressure from the speaker of the house, many of the legislators are now asserting their constitutional privileges by demanding to know upon whom this tax is going to fall the heaviest.

It is probable that enough pressure can be brought to bear to get it safely through the house. Over on the senate side of the law-making bodies it is going to encounter much closer scrutiny.

If those entrusted with the task of providing means for raising additional tax moneys, will visit local and neighborhood theaters, they will immediately discover who is going to be called upon to bear the real brunt of this new tax burden.

They will find the workers and their families steady patrons of this form of amusement, entertainment and education. In thousands of instances it is their only means of diversion. They are entitled to receive it as cheaply as possible.

A state-wide survey reveals that unless this new tax was passed on the patrons, most of the smaller theaters, the ones patronized by the working classes, could not continue in existence. As it is many of them are now only operating from two to three nights weekly.

An amusement admission tax will fall exactly where we do not want it to fall—upon those least able to pay it.

#### MCGILLIVRAY TALKS TO 10,000 PERSONS

(By E. M. T. Service)

James McGillivray, on a lecture tour for the East Michigan Tourist Association, showed his motion pictures of Michigan wild life in Cincinnati, Springfield and other Ohio cities the week of February 18. His appearance was a pronounced hit everywhere and the Cincinnati school annual publication will say that it was the best program event of the year.

In Cincinnati in a single day Mr. McGillivray spoke to 2,000 persons. During the week his audiences numbered 10,000.

Among the pictures which Mr. McGillivray showed was "Mickey, the Beaver," which is not only one of the most unique pictures ever filmed but which was written upon in the December issue of the National Geographic.

Burning over ground with the idea of improving grazing is an expensive mistake. Although by this means it is possible to get green grass for livestock a week or two earlier in the spring, most of the rich leguminous plants and annual grasses are exterminated and only the hardy bunch, wily, and other coarse perennial grasses are left.

## NEWS REVIEW OF CURRENT EVENTS

### Senate, Still Dry, Votes to Put Sharper Teeth in the Prohibition Law.

By EDWARD W. PICKARD

THAT the senate is still overwhelmingly "dry" was fully demonstrated last week when the Jones bill to put more teeth in the prohibition act came to a vote. The measure was passed by a vote of 85 to 18 while, in the senate's private gallery, the result was closely observed by Rev. Clarence T. Williams, general secretary of the Methodist board of temperance, prohibition and public morals, and Rev. Edwin C. Dinwiddie, secretary of the national conference of 88 dry organizations. Every proposed amendment was voted down except one offered by Senator Jones of Washington, sponsor of the bill. This provides that: "It is the intent of congress that the court, in imposing sentence hereunder, should discriminate between casual and slight violations, and habitual sales of intoxicating liquor or attempts to commercialize violations of the law."

As passed, the bill increases the maximum penalties for illegal manufacture, sale, transportation of intoxicating liquor to imprisonment for five years or a fine of \$10,000 or both. An identical measure was pending in the house, having been favorably reported by the judiciary committee.

Passage of the Jones bill was preceded by a debate that drew crowds to the senate chamber, for the leading speakers were Senators Reed of Missouri and Borah of Idaho, respectively against and for the bill. Reed's effort, that spread over two days, was probably his last important speech in the senate, for he retires on March 4, and it was well worth hearing or reading. With all the powers of caustic denunciation at his command—and that means a lot—he attacked the Eighteenth amendment and the Volstead act and scored with bitter phrases the dry senators and the leaders of dry organizations. There was nothing new in his arguments, but his sarcasm delighted even those against whom it was directed.

Senator Borah admitted that prohibition might be a mistake, but insisted its object is an exalted one. He said he was not committed to opposition to the amendment or even the repeal of the amendment to the Constitution or the Volstead act; that he was only committed against the change, the repeal either of the amendment or the law so long as nothing better and more effective has been or can be presented. While the amendment is a part of the Constitution, he declared, congress and the people must support it, maintain it and, if possible, enforce it.

Senator Caraway of Arkansas dramatically recalled that Reed was stung a different time when he was a candidate for the Democratic nomination for President at Houston last summer. He dwelt on the statement Reed issued on the eve of the convention in which he made a bid for the support of the prohibitionists. "On that occasion," said Caraway, "he was offering to lead the dregs to victory. But the dregs were not deceived and the wets were only disgusted."

WITHOUT a record vote the house passed the Johnson general deportation bill which has provision for the deportation of alien bootleggers, gunmen and bomb throwers. A similar bill had been adopted by the senate. It was considered likely the conferees would modify the prohibition part of it, authorizing deportation of aliens receiving a one-year sentence, or two sentences aggregating one year, for violations of laws relating to the sale and manufacture of intoxicating liquor. This is more severe treatment than is provided for those convicted of most other offenses.

AT THE request of Senator Deneen of Illinois the senate foreign relations committee postponed until the next congress action on the treaty between the United States and Canada

authorizing an additional diversion of water for power purposes at Niagara falls. Mr. Deneen argued that action on the treaty should be deferred pending consideration of other questions at issue between the United States and Canada involving other diversions of water from the Great Lakes, notably the diversion at Chicago for sanitary and navigational purposes. The committee decided to hold hearings on the treaty during the recess of congress.

**PRESIDENT-ELECT HOOVER** and Mrs. Hoover arrived in Washington Tuesday and went at once to their home on S street, where Mr. Hoover is to remain in virtual seclusion until the day of his inauguration. He has not receded in the least from his announced determination not to make public his cabinet selections before March 4. The latest gossip in this connection was that Mr. Hoover would like to have Senator Borah as attorney general so that prohibition might be properly enforced, but that the senator would not accept the post. There was talk, too, of James W. Good of Chicago for the postmaster generalship, and of Charles Francis Adams, treasurer of Harvard, for the navy portfolio. On Wednesday Mr. Hoover had an hour's chat with President Coolidge in the White House. He also conferred with Representative Tilson and Senator Watson concerning the date and program for the special session of congress to be held this spring.

Next morning Senator Edge of New Jersey, leading wet, breakfasted with the President-Elect, and there was reason to believe they discussed the matter of naming a fact-finding commission to look into the causes of the breakdown in prohibition enforcement. There was a rumor that Mr. Coolidge would be asked to take the chairmanship of such a commission.

**GOOD** news comes up from South America. After 40 years of quarreling and fighting, Chile and Peru have settled their Tacna-Arica boundary dispute by peaceful means. Tacna goes to Peru and Arica to Chile, and the new boundary is so fixed that the railway, which is Bolivia's sole outlet to the coast, remains in Chilean territory until it crosses the Bolivian frontier. The railroad from Tacna to Arica will be in Peruvian control, and a spur at Arica to connect the two lines will be controlled by Chile. The agreement is the result of diplomatic negotiations undertaken four months ago, after resumption of diplomatic relations between Chile and Peru at the invitation of the United States Secretary of State Frank B. Kellogg last July.

**COMMANDER BYRD** has just made a huge addition to the territorial possessions of the United States. In flights over the Antarctic region he discovered a vast area of land and claimed it for his country, naming it Marie Byrd Land for his wife. The Rockefeller mountain range, in the British Ross dependency, was mapped by aero camera, and another and loftier range, in the newly discovered land, was found. Its peaks seemed to rise to eight or ten thousand feet.

**RUMORS** that the Spanish dictatorship was weakening and that Primo de Rivera was soon to hand in his resignation seem disproved by events of last week. By a government decree signed by King Alfonso the artillery corps of the Spanish army, in which originated much of the recent disorders, is dissolved. All the officers of the corps are dismissed without salary and become private citizens, and the classes of the Royal Artillery academy at Segovia are dismissed. Command of the artillery posts was taken over by officers of other branches of the service. Some of the artillery officers, who took part in the revolt of a week or two ago, were ordered deported, but probably the others will be reintegrated after taking a new oath to defend the present regime.

**SIR ESME HOWARD'S** statement to the press in Washington, in which the British ambassador predicted that another effort would now be made to bring about an agreement among the principal naval powers to restrict navy building, caused a lot of excitement in England and caused Sir Austen Chamberlain, secretary for foreign affairs, to be heckled in parliament. The laborites and Liberals questioned him persistently, and at first his reply was to the effect that the British government had no intention of issuing an invitation for a conference on this subject; that all questions concerning relations with the United States were under consideration and the time had not come to make any statement of result. Later he admitted the government was considering a new line of approach to the United States on the question of naval disarmament.

**TROUBLE** for the Chinese Nationalists was developing rapidly last week in Shantung, where large numbers of bandits and former northern soldiers were reported to be concentrating. A revolt that started at Lungkow was spreading to other towns, and it was said that Chang Chung-chang, former war lord of the province, was on his way there, accompanied by some Russian generals. Gen. Feng Yu-shiang, some time ago concentrated 30,000 Nationalist troops in western Shantung in readiness for just such a situation as has arisen. The American cruiser Trenton was sent from Manila to Chefoo to look after American interests.

**THE** extreme cold that has brought so much distress to Europe has had one good effect in England. The coal mining business has been given such a boost that most of the collieries are working full time and many thousands of miners are at work after long months of unemployment.

Traffic and communications in the state of Sao Paulo, Brazil, were demoralized by floods following terrific rainstorms. The coffee crop was seriously damaged. The port of Santos was completely isolated except by sea.

**FULFILLING** predictions, President Coolidge last week took the first step toward reopening the question of America's entrance to the World court. By his direction Secretary of State Kellogg delivered to the Washington representatives of all the World court nations identical notes inviting the interested governments to reconsider their rejection of the senate's reservations to American adherence and to take steps making it possible for the United States to become a member of the court.

**ONE** of the interesting tragedies of the week was the murder in Los Angeles of E. L. Doherty, Jr., son of the oil magnate, by his secretary and companion, Hugh Plunkett, who then committed suicide. It was apparent that Plunkett had suddenly become insane after a year of nervous trouble, for which he had been under treatment. The younger Doherty was thirty-six years old and was a partner in his father's oil corporation. The father was prostrated by his son's death.

**PHILLIP O. HANNA**, a retired veteran of the American diplomatic service, died in San Diego, Calif., at the age of seventy-two years. Mr. Hanna entered the consular service in 1891 and served in various Latin American countries as a consul general, being noted for his unswerving protection of American interests in times of revolution and disorder. Edward J. King of Galesburg, Ill., had represented the Fifteenth Illinois district in congress for seven consecutive terms and was re-elected for the eighth, died at his home in Washington after long suffering from heart disease.

Newspaper men mourned the death in New York of Melville E. Stone, one of the organizers of the Associated Press and until 1921 its general manager. Mr. Stone founded the Chicago Daily News in 1875.

## ESSEX THE CHALLENGER

Twice new...in 30 days...production has had to be increased

Essex the Challenger sweeps aside the barriers of price class. It challenges the performance, the style, the luxurious roomy comfort of any car at any price, on the basis that no other car gives you back so much for every dollar you put in.

A glance at its 76 advanced features reveals at once why Essex exceeds no car in its challenge. For point after point in fine car construction, performance and detail, brings you directly to costlier cars to find comparison.

With above 70 miles an hour top speed, Essex the Challenger, in thousands of demonstrations, is proving the endurance and ability to do 60 miles an hour all day long.

It is the finest, largest, roomiest, most brilliantly performing Essex ever built, and the price the lowest for which Essex ever sold—but little above the lowest priced car on the market.

That is why the acceptance of Essex the Challenger is the talk of motordom. Join the van of 1,000,000 Super-Six owners who are demonstrating its right and ability to challenge the best that motordom offers.

76

#### ADVANCED FEATURES

INCLUDE:  
Power increased 24%—Above 70 miles an hour—Four hydraulic shock absorbers—New type double action four-wheel brakes—Large, fine bodies—Easier steering—Greater economy.

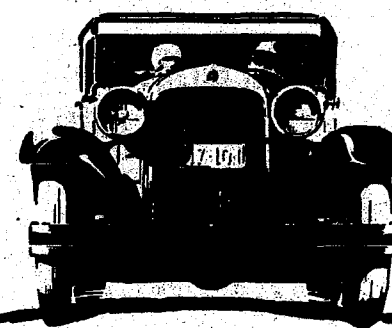

A BIG, FINE, SUPER-SIX

\$695

AND UP...at factory

2-Door Coupe	\$695	Town Sedan	\$850
Phaeton	\$695	Roadster	\$850
Coupe (with rumble seat)	\$725	Convertible Coupe	\$950

Standard Equipment Includes: 4 hydraulic shock absorbers—electric gas and oil gauge—radiator shutters—saddle lamp—windshield wiper—rear view mirror—electric controls on steering wheel—starter on dash—all bright parts chromium-plated

Corwin Auto Sales, Grayling, Mich., phone No. 55

#### FARM HELPS

If lice are present in the poultry flock, it is important to control these pests before the hatching season, by dusting the hens with sodium fluoride. This material is harmful if used on very young chicks.

**Sows and Pigs on Self-Feeder**  
No hog raiser wants to waste his time and money on runts, and the U. S. Department of Agriculture, at its Animal Husbandry Experiment Farm, Beltsville, Md., has found that the plan of placing sows with their litters on self-feeders during the suckling period has produced fewer runts than any other system used, and also has saved feed. When the sows are on full feed after farrowing, they are put in a lot, sometimes 12 or 14 on the same self-feeder, and given access at all times to shelled corn, tankage or fish meal, shorts or middlings, and a mineral mixture.

After the pigs are about 3 weeks old they get feed from the same self-feeder as the sows. Weaning time approaches, a fence about 3 feet high is built around the feeder, 2 or 3 creeps provided for the pigs, and the sows are shut off from the feed. The sows soon discontinue giving milk and the pigs will not try to nurse after 3 or 4 days from the time the sows are shut off. The sows are then driven away and the pigs allowed to continue on the feeders.

#### House Painter Wins Real Art Prize

John Kane, who paints houses and box cars for a living, won the Carnegie Institute prize in the nineteenth annual exhibition of the Associated Artists of Pittsburgh. He is shown above with one of his canvases. Kane had passed his sixtieth birthday before he achieved his ambition of painting pictures. Twice in recent years his works have been hung in international exhibitions.

**A LETTER OF APPRECIATION**  
A Detroit woman, planning her 1929 vacation, wrote to the East Michigan Tourist Association a few days ago for information. Following the receipt of the information, she wrote the association as follows:

"Just a note to thank you for the map and Guides for East Michigan. One can't go wrong with these simple move grain stubble, corn stubs, or old directions. The books are wonderful. We don't know where to go now there are so many nice places to spend a vacation. Never knew there were so many beautiful spots in Michigan. Am so glad I sent for these guides cost of \$5 or \$6; but the loss of one and map and sure will keep them under lock and key for they lead to foreign material for a field of 20 our happiness this summer. Thanking you so much for your from \$40 to \$50."

time in sending them and reading this note."  
Buyers of alfalfa judge it by looks as well as by grade, and purity and attractive appearance help to sell the crop profitably. Alfalfa meadows should be raked each spring to re-One can't go wrong with these simple move grain stubble, corn stubs, or old directions. The books are wonderful. #### Questions That Burn You Up

# STATE OF MICHIGAN

The Probate Court for the County of Crawford.

At a session of said Court held at the Probate Office in the Village of Grayling in said County, on the 18th day of February A. D. 1936.

Present: Hon. George Sorenson, Judge of Probate.

In the matter of the estate of Sarah E. McKay, deceased, having filed her petition praying that an instrument filed in said court be admitted to probate as the last will and testament of said deceased and that administration and settlement of said estate be granted to said Annette E. Stannard or some other suitable person.

It is ordered, that the 18th day of March A. D. 1936, at ten a. m. at said Probate Office is hereby appointed for hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy thereof for three successive weeks previous to said day of hearing in the Crawford Avalanche, a newspaper printed and circulated in said county.

GEORGE SORENSON, Judge of Probate.

A true copy.  
George Sorenson, Judge of Probate.

# STATE OF MICHIGAN

The Probate Court for the County of Crawford.

At a session of said court, held at the Probate Office in the Village of Grayling in said County, on the 18th day of February A. D. 1936.

Present: Hon. George Sorenson, Judge of Probate.

In the matter of the estate of James A. Lightfoot, deceased, having filed in said court her final administration account, and her petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate to the legal and lawful heirs.

It is ordered, that the 18th day of March A. D. 1936, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for examining and allowing said account and hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Crawford Avalanche, a newspaper printed and circulated in said county.

GEORGE SORENSON, Judge of Probate.

A true copy.

# ELECTION NOTICE

Notice is hereby given to the qualified electors of the village of Grayling, State of Michigan, that the next ensuing annual election will be held at the Town hall within said Village, on

Monday, March 11, A. D. 1936

At which election the following officers are to be elected, viz: 1 village president, 1 village clerk, 1 village treasurer, 3 village trustees for 2 years, and 1 assessor.

# TO PROPERTY OWNERS ON U. S. 27

Attention is hereby called to the need of arranging for waterworks and sewer connections along highway U. S. 27 between the bridge and Mercy hospital before the new pavement is put in next spring.

This is ordered by the State Highway Department. Whether or not you intend to install either waterworks or sewer or both now or at some future date, attend to this matter of having lines laid ready for connection with your property.

If you intend to have waterworks and sewers connected at some time you MUST report it at once to:

JULIUS NELSON, Street Commissioner.

# NOTICE-TAXES ARE DUE

The tax roll for Grayling township is now in my hands for collection. You may call on any day at my service station between the hours of 9 a. m. and 8 p. m. and pay your taxes.

ALFRED HANSON, Township Treasurer.

# STATE OF MICHIGAN

In the Circuit Court for the county of Crawford, In Chancery.

Roscommon State Bank, a corporation, duly organized under the laws of the State of Michigan, Plaintiff, vs. Samuel A. New and Mattie L. New, his wife, Charles A. Culver and Alice Culver, Arthur Blanchard and John McDaniels, Defendants.

At a session of said court held at the Court House in the Village of Grayling, in said County, upon the 8th day of January A. D. 1936.

Present: Hon. Guy E. Smith, Circuit Judge.

In this cause satisfactory proof appearing by affidavit that it can not be ascertained in what state or country the defendants, Samuel A. New and Mattie L. New, his wife, Charles A. Culver and Alice Culver, Arthur Blanchard and John McDaniels, reside, and that if dead the names and whereabouts of the heirs, devisees, legatees and assigns of each of them, are unknown, and that they are proper and necessary parties defendants in the above entitled cause:

On motion of W. Clarence Smith, attorney for plaintiff, it is ordered that the appearance of said defendants, Samuel A. New and Mattie L. New, his wife, Charles A. Culver and Alice Culver, Arthur Blanchard and John McDaniels, and the unknown heirs, devisees, legatees and assigns of each of them be entered in this cause within three months from the date of this order, and that in case of their appearance, or any of them, that they respectively cause answer to this bill of complaint to be filed, and copy thereof served on the attorney for plaintiff within fifteen days after service on them, or such as shall appear, of a copy of said bill, and that in default of an appearance or answer that said bill of complaint be taken as confessed by each of said defendants.

It is further ordered that a copy of this order be published in the Crawford Avalanche, a newspaper printed, published and circulated in said county, as required by law.

This bill of complaint is filed for the purpose of quieting plaintiff's title to the following described land, to-wit: The Northwest quarter (NW 1/4) of the Southwest quarter (SW 1/4) and the Southwest quarter (SW 1/4) of the Southwest quarter (SW 1/4), Section thirty-one (31), Township twenty-five (25) North, Range two (2) West; and the Southeast quarter (SE 1/4) of the Southeast quarter (SE 1/4), Section thirty-six (36), Township twenty-five (25) North, Range three (3) West, Crawford County, State of Michigan.

GUY E. SMITH, Circuit Judge.

# Age No Barrier When Konjola Is Given Chance

Civil War Veteran Of 88 Finds New Lease On Life Through New Konjola

MR. B. H. RANDALL

Remarkable, indeed, are the works of Konjola in the cases of those of advanced age. The flag of this remarkable remedy fairly overflowed with endorsements from those in the eighties who have found in Konjola quick and lasting relief when all else had failed.

Take the case of Mr. B. H. Randall, 88, of the Soldiers Home, Grand Rapids. Rejoicing over the health that Konjola brought him, this veteran of the Civil War writes:

"At 88 I was about ready to give up trying to regain my health and had about resigned myself to sit down and wait for final taps. I was greatly run down; the slightest exertion exhausted me. My strength was leaving me rapidly, and I did not respond to any of the medicine or treatments I tried. I had heard and read many good things about Konjola, and decided to see if it would do me any good. It gave me the surprise of my life. Day by day I could feel this wonderful medicine working on my kidneys, liver, and stomach. In six weeks I felt well and am enjoying life as I did years ago. In my case, Konjola proved to be a wonderful system builder, and I can not but feel that this splendid medicine has added years to my life."

Konjola is sold in Grayling at the Mac & Gidley drug store, and by all the best druggists throughout this entire section.

# REGISTRATION NOTICE

To the qualified electors of the Village of Grayling, State of Michigan:

Notice is hereby given that in conformity with Act 126, Public Acts of 1927, I, the undersigned Village Clerk, will upon any day except Sunday and a legal holiday, or the day of any regular or special election or official primary election, receive for registration the name of any legal voter in said village not already registered who may apply to me personally for such registration, or who may make application for registration by mail or messenger, as provided by Act 7, of Public Acts of 1919, except that I can receive no names for registration during the time intervening between the second Saturday before any general or special election or official primary election and the day of such election.

MARCH 2, 1936—LAST DAY FOR General Registration for Election March 11, 1936.

All electors not already registered and intending to vote at said election, should make application to me on or before the 2nd day of March, A. D. 1936.

Notice is further given that I will be at the Grayling Box Company office on Saturdays, Feb. 23 and March 2nd, 1936 from 8:00 a. m. until 11:00 a. m. and 1:00 to 5:30 o'clock p. m. on each said day for the purpose of reviewing the registration and registering such of the qualified electors in said village as shall appear and apply therefor.

The name of no person but an actual resident of the precinct at the time of registration and entitled, under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

ROY O. MILNES, Clerk.

March 23, 1936, Last Day for General Registration by personal application for said election.

Notice is further hereby given that I will be at my home on

March 9, and March 16 A. D. 1936, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said township as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

ARTHUR SKINGLEY, Township Clerk.

# REGISTRATION NOTICE

To the Qualified Electors of the Village of Grayling, State of Michigan:

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the second Saturday before any regular, special or official primary election and the day of such election.

The last day for general registration does not apply to persons who vote under the Absent Voters' law. (See Registration by Affidavit).

March 23, 1936, Last Day for General Registration by personal application for said election.

Notice is further hereby given that I will be at my home on

March 9, and March 16 A. D. 1936, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of Reviewing the Registration and Registering such of the qualified electors in said township as shall properly apply therefor.

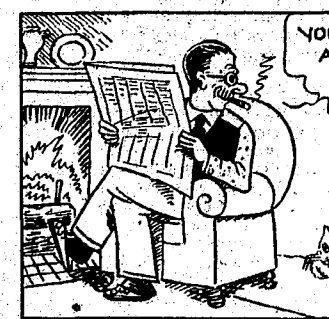

The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

ANNETTE STANNARD, Township Clerk.

**SUCH IS LIFE**

Never Mind the Elephants

**MOTHER, WILL YOU GIVE ME A NICKEL FOR A BAG OF PEANUTS, SO I CAN GO TO THE ZOO AND HAVE FUN WITH THE ELEPHANTS?**

**YOUNG FELLER, WHEN I WAS YOUR AGE, I COULD HAVE PLENTY OF FUN WITH A BAG OF PEANUTS, WITHOUT DRAGGING IN ANY ELEPHANTS**

# Inside Information

Raglan sleeves on a child's dress are more comfortable than either the set-in or the kimono sleeve. They are more easily made than set-in sleeves, and they allow room for growth without making the dress look too broad across the shoulders.

Milk may be used in bread-making to improve the nutritive value of the loaf, and also to improve its appearance through the fine golden brown crust and more creamy color and better texture of the crumb. Dried skim or evaporated milk will give good results as well as fresh whole milk.

Shepherd's pie is meat, ground and seasoned with salt, pepper, and stock or gravy, then covered with a layer of mashed potato and heated in the oven. A small amount of baking powder or a well-beaten egg may be added to the mashed potato to make it light. Bake until delicately browned. This is a good way to use left-overs too small to be served alone.

Fine steel wool makes aluminum saucepans shine. It is sold under various trade names. Whiting, or vinegar, or dilute oxalic acid, may be used to remove food discoloration. Never use strong alkalis such as washing soda or lye on aluminum or even scouring powders or soaps containing free alkali. After cleaning wash the utensil thoroughly before cooking in it.

Eat plenty of any kind of fish, but especially the salt-water fish and shellfish, both fresh and canned. All fish contribute to the day's supply of "efficient" protein, similar to that furnished by meat, eggs, milk, poultry and cheese. The saltwater fish, or true "sea foods" are also the best known sources of iodine, one of the minerals needed to keep the body strong and healthy. Lack of iodine leads to disturbances of the thyroid gland, which results in goiter.

# Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, March 1, 1906

N. P. Olson has gone to Saginaw, Bay City and Detroit for business this week.

Mr. and Mrs. Jos. Burton are enjoying a visit from their niece, Miss Mary Heterick of Boyne Falls.

Mrs. Verne Bennett and daughter of Cheboygan are welcome guests of Mrs. J. C. Burton this week.

The big thaw of last week caught cold Sunday, with five inches of snow but not quite enough to save the sleighing in the village.

Married at the residence of Geo. Mahon the officiating Justice, Mrs. Emma McDonald, of Vassar, Mich., and Wm. Johnson of this village.

Miss Jennie Ingley has returned from the Sanitarium in Saginaw, greatly improved in health, which improvement it is hoped is permanent.

Miss Olive Merriman of Deckerville is a welcome visitor at her Uncle's Dr. H. H. Merriman's residence in this village.

Ura Shirts Jr. was hunting rabbits near Gaylord last Thursday where he received part of a charge of fine shot in his arm. No particular damage, but was "smart" for a few minutes.

The Goodfellowship Club was entertained last Monday evening by Miss Culver. The usual literary feast dainty refreshments and social pleasures were fully enjoyed by the members.

Ell Forbush of Maple Forest was in town Saturday. He is well satisfied with results on the farm last year and expects to better this. He reports no town politics yet in sight, and no candidates have thawed out.

Miss Irene Burton hitched up her

father, or compelled him to hitch up the team and take about twenty of her chums out for a general sleigh-ride a few days ago. "Joe" didn't kick but seemed to enjoy it as well as the "kids."

Mr. and Mrs. W. F. Benkelman were called to Canada last week by the serious illness of her mother. Mr. Benkelman returned Friday leaving the wife and boy there. We are glad to hear that the mother is rapidly improving.

Catherine Bennett is visiting Irene Burton.

Emerson Bates entertained a party of his little friends last Saturday to celebrate his sixth birthday.

Jas. J. Colleen has been active and successful in getting promises for the stocking of Portage Lake with pike, black bass, and lake trout this summer, by the State Fish Commissioners. The finest lake in Michigan and the best fishing to be continued.

Johannesburg Correspondence

Mr. Sim. Lewis and family returned Saturday morning after a weeks visit at Lapeer. Several hours wait at Bay City made the trip a little tiresome.

After the thaw, came the snow, then a freeze and the roads are in excellent condition for hauling logs.

Mr. and Mrs. Wright Havens of Grayling came up last week to celebrate their 38th anniversary with their daughter and family Mrs. Fred Sleight. They are always welcome visitors in our city.

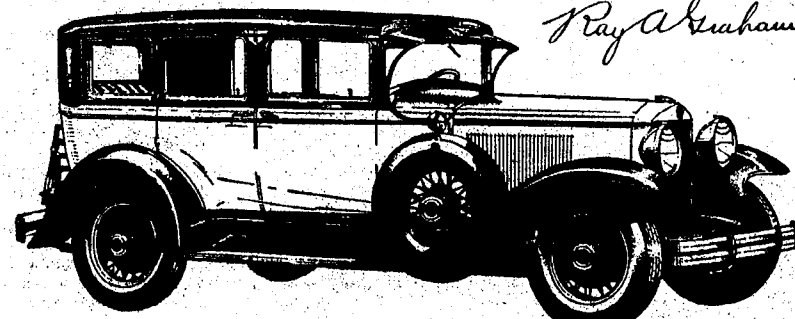

The Johannesburg Mfg. Co. are shipping several car loads of logs, wood, lumber, lath and trunk slats, from this place every day, and yet there is more to follow.

# A New All-Time Record

The substantial value of the Graham-Paige motor cars introduced one year ago resulted in the largest first year sales volume of any line in automobile history. We present the new Graham-Paige sixes and eights with confidence that they possess even greater value.

## News Briefs

THURSDAY, FEBRUARY 28, 1929

Miss Rosalyn Lewis spent the week end at her home in Gaylord.  
25 per cent off on ladies' zippers and rubbers at the Economy Store.  
Mrs. Clarence Brown has been spending the past few days in Bay City.  
Sheriff Bohemeyer made a business trip to Chicago the last of the week.  
Mrs. Harold Skingley is up and at duty after being confined to her home with tonsillitis.  
Be sure and plan to go to the Eastern Star supper March 7th at 5 p.m. Children 35c and adults 50c.  
Come to the slide Saturday night prepared to dance. And come to the dance prepared to slide. Music by The Syncretists.  
E. C. Nicholson, secretary of the State Welfare department was in Grayling on business the last of the week.  
Mr. and Mrs. David White returned Tuesday from a two weeks visit with the latter's sons and daughters in Flint.  
The Woman's Home Missionary society will meet with Mrs. J. W. Greenwood next week Wednesday afternoon from 3 to 5 o'clock.  
Mr. and Mrs. Dan Babbitt and son Arnold spent the week end in Gaylord, Boyne City and East Jordan visiting relatives and friends.  
In the game of basketball played on the local floor Saturday night, Roscommon teams trounced the Vanderbilt teams by one-sided scores.  
How about a band? There are plenty of players here and no doubt Ed. Clark will be glad to direct them since he has returned to Grayling to reside.  
Mrs. Walter Nelson of Johannesburg at one time a resident of Grayling, passed away at her home Saturday after a short illness. She had just returned from Pennsylvania Friday where she had been visiting her daughter, Esther. The remains were laid to rest in Elmwood cemetery Wednesday afternoon.  
We have learned of a calamity that recently befell one of the very young students of our local High school. The other night he engaged in a skunk hunt and as the result had to undress out of doors, his clothes had to be buried and he was in a deuce of a fix. He didn't get the skunk but nobody would deny that he didn't give it a close race.

## MENU FOR EASTERN STAR SUPPER

Tuesday, March 7th  
Meat balls, Mashed Potatoes, Jelly, Danish sour cabbage, Pickles, Fruit salad, Buns, Cake and coffee.

Ed. Dalmar, who is employed in Grayling, entertained Miss Allen of Cadillac over the week end.  
Ball Band rubbers for this wet weather. Best on the market. The Economy Store, next to the Bakery.  
The home of Perry Ackers was the scene of a pleasant dancing party Saturday night with a good sized crowd present.  
Edward Mayotte, accompanied by Mr. and Mrs. E. W. Boening and son Dick, and Misses Margaret Fyvie and Louisa Sibley motored to Traverse City last Sunday.  
St. Mary's Altar society met at the home of Mrs. Marius Hanson to sew Tuesday afternoon. Carpet rags were the order. Mrs. Hanson invited them to come again next Tuesday for the same purpose.  
The Graham-Paige exhibition that was scheduled for last week Friday afternoon had to be postponed due to trouble with the motion picture machine. This was being put on by Wm. Leng of Frederic, local dealer. Notice of dates will be given out as soon as they can be arranged.  
Maurice Gorman and family enjoyed a visit from his two sisters, Misses Adele and Melvina and brother Arthur of East Jordan Sunday, they being accompanied by Floyd Snyder. The party took in the thrills of the toboggan slide at Lake Margrethe over which they were very enthusiastic.

Remember to send your children to the library every Saturday afternoon at 3:00 o'clock for the Story Hour, sponsored by the Woman's club, and under the direction of Miss Hazel Cassidy. February 16th there were about 55 children present, and Miss Margaret Warren assisted Miss Cassidy. Last Saturday Miss Clara Housa Dago had charge of the Story Hour.  
There has been a decided break in the weather since Sunday. A light snowstorm Monday turned almost to a rain. Wednesday and today are bright and the snow is going fast. Roads that have been so ideal for several months past are now a series of ruts and ice. The streets are still heavy with snow and it looks as if we were due for some wet streets before we see bare ground.  
Mrs. Marius Hanson is in receipt of a letter from her brother Frank Parsons of Panama that was sent on the first Lindbergh air mail service from that city. The letter was mailed at Panama at 10:00 a. m. on Sunday and arrived here Saturday morning. That is remarkable speed considering that the planes were delayed two days by storms and also that the letter had to come from Bay City by train.

Word has been received here of the death Thursday morning in Asheville, North Carolina, of Mrs. Carlton Wythe, who will be remembered as Lorraine Bridges. Mrs. Wythe was well known to many here, who will be grieved to learn of her untimely demise. When her father Frank Bridges and the Harley Diltz family left to make their homes in the south, Mr. and Mrs. Wythe went also, but they have been back to Michigan and Grayling several times.

Ora and Clarence Ingalls of Flint, accompanied by their cousins Ray Ingalls and Bill Kery, and the Misses Evelyn Goodwin and Helen Ingram of the same place motored here and spent the week end with the former's parents, Mr. and Mrs. Clarence Ingalls. On their return Sunday, Mrs. Ora Ingalls and little daughter, who had been here for a number of weeks owing to the illness of her mother, accompanied them. Also Miss Anna Ingalls accompanied them and expects to find employment in Flint.

As only half as many season tickets for the basketball tournament have been allotted to Grayling this year you are urged to get your tickets as soon as possible so as to have them for the opening games. Supt. Bogie is putting forth every effort to obtain more tickets, but they may be late in arriving. Tickets are on sale by the following: Both drug stores, the Student Council, M. A. Bates, Emil Kraus, T. W. Hanson, Alfred Hanson Service Station, O. Sorenson & Sons store, T. P. Peterson and Fred R. Welsh. Season tickets; general public \$1.25; students 75c. Single admissions, afternoon games 25c and evening games 35c and 50c.

Mrs. Esbern Hanson left Wednesday for Washington, D. C. to be in attendance at the inauguration of Herbert Hoover March 4th. Also her son Cadet Esbern Hanson Jr. who is a student in the St. Johns Military academy, Delafield, Wisconsin, will be at the inaugural. The latter was one of the 100 from St. John's to be chosen to take part in the inaugural parade. Forty-two teachers from the academy will accompany the cadets. The inaugural parade requires six hours of marching. We are glad to have Grayling represented at the inaugural and especially so to have one of our boys in the parade. Emil Giegling of the Kerry & Hanson Flooring Co. also expects to attend the inaugural.

Mrs. Axel Larson entertained Our Gang sewing club at her home last Thursday afternoon and as a surprise to her the members numbering 28 which included a number of invited guests, showered her with gifts. The club is meeting today at the home of Mrs. William Mosher.

Mrs. A. J. Joseph went to Gaylord Tuesday to witness the play "The Flapper Grandmother" put on for the benefit of the hospital. The play was very successful. A play by the same company will be put on in April by the Woman's Club of Grayling. The play is called "Cupid Up To Date".  
The ladies of Our Gang sewing club pleasantly surprised Mrs. Oliver Shoemaker (Gertrude Wakeley) at the home of her mother, Mrs. S. B. Wakeley, Monday afternoon. A pleasant time was had with a pot luck lunch served and the guest of honor was showered with gifts. Mrs. Shoemaker who resides at Brighton is here visiting her parents for several weeks.  
John Bruun's horse came near to being responsible for a very serious accident at the toboggan slide last Saturday afternoon. Mr. Bruun was riding along the path that borders the toboggan slide when the horse apparently became frightened at an approaching toboggan and reared and plunged right into the toboggan slide. Mr. Bruun who is an expert horseman dug his spurs into the animal's sides but it looks as if the toboggan struck the horse's hoofs just at the instant they were leaving the track, breaking a deep hole into the front of the toboggan. On the toboggan were Don Gotro, Charles Hill and Brad Jarmin. The toboggan was wrecked. Don received deep cuts above an eye and his nose that required several stitches. Mr. Hill was badly bruised about his head and face and Brad was knocked senseless. The injured boys were rushed to Grayling where Dr. Keyport cared for their injuries. While the boys suffered a lot of pain for some time none felt worse about the accident than did Mr. Bruun. He saw to it that the boys had the very best of care and also a new toboggan to replace the broken one.

Dr. and Mrs. Clarence Clippert left Saturday for Detroit for several days visit.

John Zeder and son Jack were in Detroit Sunday visiting the former's parents.  
Good things to eat at the Eastern Star supper, March 7th, 5 p.m. Children 35c and adults 50c.

Mrs. Ivrey Corwin of Lake City is in the city visiting her husband who is a patient at Mercy hospital.

Mr. and Mrs. Grant Thompson of Kawkawlin visited Grayling friends here yesterday.

For Sale: Piano, Banjo, rockers, cot, pictures, sanitary bed. Phone 75-W. Mrs. R. H. Gillett.

Mrs. Kathryn Brown entertained her Sunday school class Tuesday evening with an old-fashioned taffy pull at her church parlor.

John R. Bate, brother of Mrs. R. H. Gillett, accompanied Mr. Gillett home from Bay City and spent the week end as their guest.

Mrs. C. M. Hewitt of Detroit is visiting at the home of her son Earle Hewitt and family, expecting to remain for several weeks.

Richard and Robert, sons of Otter Lake spent the week end here, guests of their cousins the T. P. Peterson children, enjoying the toboggan slide.

Miss Francis Mickelson and Miss Beatrice Tyner drove up from Mason Saturday to enjoy the winter sports. They were guests of Mr. and Mrs. Esbern Hanson.

The Sunday School teachers of Michigan Memorial church met at the parsonage Tuesday evening to start plans for the Easter program.

Mrs. Hazel McClellan of Rogers City who had been in the city visiting the local telephone exchange, being an employee of the Company, returned Saturday to Alpena. She was accompanied here by her mother, Mrs. Charles O'Neil of Cheboygan and while here they were guests of Mr. and Mrs. Thomas Cassidy.

The Bridge club were guests of Mrs. C. R. Keyport at a very attractive luncheon at Shoppenagons Inn Saturday afternoon. Spring flowers arranged in a silver basket formed the decoration for the luncheon table.

The ladies went to the home of the hostess for bridge. Mrs. Oscar Hanson held the high score. Miss Francis Mickelson and Miss Beatrice Tyner of Mason were out of town guests.

Red, white and blue, the national colors were prettily carried out in a Washington birthday party, at which Misses Ingeborg Hanson and Isa Granger were hostesses to 17 guests last Friday evening at the home of the latter. Miss Fern Armstrong won the prize in a hatchet contest and together with Miss Agnes Hanson and Mrs. Frank Sales won prizes in a series of other contests.

A patriotic cloth covered the lunch table, with napkins, and red, white and blue hatchets for place cards. At each end of the table were candles in clusters of three in the same colors, while the centerpiece was a miniature scene of Washington crossing the Delaware. George Washington hats filled with candies and nuts were favored.

Grayling Independents were defeated last evening on the local court in one of the fastest games of the season by the "Scarlet Reds" of Vanderbilt. The game ended in a tie and two overtime periods were played; after the first one the score still remained a tie, at 30 all. In a second overtime period, Vanderbilt rang up five baskets in quick succession for 10 points and won the game to the tune of 40 and 30.

The preliminary game between the Kerry & Hanson Flooring mill gang and Clyde Peterson's clerks was one of the funniest exhibitions witnessed in a long time. Tony Nelson refereed the game and throughout never called a foul on any player. The game was a pretty rough and looked more like a football game than basketball.

The flooring mill gang realizing the situation, appeared in the second half in football togs with helmets on their heads. The latter came out on the long end of a score of 14 to 4.

**FREDERIC SENIOR CLASS PLAY TO BE GIVEN MARCH 7.**  
The play, "The Dearest Thing in Boots" will be given in the Frederic High school gymnasium by the Senior class, Thursday evening, March 7th. This event, which will be one of the best of the season, will be for the benefit of the Senior class, and everyone should plan to attend.

**WOMAN'S CLUB NOTES**  
Regular meeting was held at the home of Mrs. Herluf Sorenson Monday evening, February 25th.

Members responded to roll call, and minutes of previous meeting were read and approved.

Business meeting, and reports of various committees heard; also report on Mothers and Daughters banquet.

Mrs. Roy Milnes sang two solos which were very much enjoyed. These were Indian songs by Thurlow Lieurance, entitled "In My Bark Canoe" and "On Cherry Hill."

Mr. T. W. Hanson gave a very interesting account of the life of David Shoppenagon, as he knew him, and related the incidents that happened on their various fishing and camping trips down the AuSable river.

He also told the club members about using Shoppenagon's name as a trade mark on cork pine cut and marketed by Salling Hanson Co. in the early days—how proud Chief Shoppenagon was to have his name used in this manner, and to be able to attend all the big lumbermen's conventions. According to Mr. Hanson, David Shoppenagon was born in Saginaw, Michigan, and at the time of his death Christmas Day, 1911, was about 103 years of age.

He was described as being active, progressive and deeply religious, with a wonderful knowledge of the bible.

Miss Rosalyn Lewis read an interesting paper on Indian Memorials which have been established in various parts of the country in memory of departed chiefs and tribes.

The Woman's Club are sponsoring a movement for the erection of a suitable memorial to Chief David Shoppenagon, on the site of his former home on the banks of the AuSable river in this village.

Mrs. Freda Barnett was re-elected a member of the club, and Mrs. Herbert Gotro is a new member.

## The Careless Letter Writers

(Editorial in St. Paul Pioneer Press)

The American public was 8.5 per cent less careless or inaccurate about addressing its mail in 1928 than in 1927. Even so, the annual report of Postmaster General New shows that 23,649,044 letters went to the dead letter office in 1927.

Of course not all these letters went astray because of carelessness or illegibility of addressing. In many cases misdirection of mail is unavoidable because addressees have moved, leaving no trace. But letters need not be condemned to hopeless wandering, ending finally in the dead letter office for that reason. If senders will only place a return address on the envelope their mail can be spared the humiliation of such an inglorious death. Indeed the Postal department attributes the improved showing of last year to its campaign to induce the public to give return addresses.

How much carelessness there does exist in the addressing of mail, however, can be appreciated from the fact that many of these dead letters contain money. Cash and currency found in dead letters amounted in 1928 to nearly \$100,000, and the nominal value of drafts, money orders and checks contained was well over five millions.

**INSURED AUTO TIRE**  
A method by which a daily purchase may be bonded to guarantee full and faithful performance, and which may have far-reaching effects in the public's buying was announced here today by The Palmer Fire Insurance Agency, representative of the American Surety Company of New York, who stated that the company is now prepared to bond purchases of Dunlop tires as they are bought by an individual motor car user.

This plan, as an example of what may be accomplished in bonding retail purchases, according to Mr. Schumann, should have far reaching effects. The bond as it is used to benefit the tire purchaser, relieves him of every element of risk and under its terms, if the produce fails within twelve months, the local dealer will repair it absolutely free. If it cannot be repaired, the user gets a new tire at a greatly reduced price. For instance, during the first month a \$13 product would be replaced for \$1; during the second month for \$2, and so on in increasing amounts.

It is stated that the surety bond covers practically every possible cause of failure including accident, collision, blow-out, misalignment, stone-bruise, road-cuts, rim-smash, sidewall-injuries, tube-pinchings, valve-tearing, faulty toe-in and under-inflation, and takes all of the risk out of tire purchase. Bonds which have become so well recognized as a protection against dishonesty of employees or public officials, the fulfillment of contracts, etc., are by this interesting innovation broadening their field of usefulness.

**TIME TO STUDY WILD DUCKS**  
Lansing, Feb. 26—Spring is the season of year for lovers of Michigan's water-fowl life to make the acquaintance of the various ducks that visit the state. As soon as the streams and lakes begin to show open water, the migration of the ducks and geese gets under way. At this season the birds may be more easily observed at closer range than is possible during the open season and in the fall, and the plumages are far more complete and beautiful.

M. D. Pirnie, department of conservation ornithologist, points out that during the winter months, most any Michigan village or city that has within its limits a stretch of open water, may entertain numbers of ducks.

Many people are prone to list any duck they may see on the water at this time of year as the mergansers or fish ducks; however, the goldeneye or whistler, the old squaw and the bluebills are also among those that may be seen. The black mallard frequently winters in Michigan, living on some stretch of open water such as the trout streams, where water cress and aquatic insects furnish a food supply.

School children interested in study of these water fowl have to go no further than their river to find specimens during the last days in February and the early part of March.

## MICH. LEGISLATIVE NEWS LETTER

Michigan Press Association,  
Lansing Bureau

Despite the handicap of the time taken off for the state convention, a legal holiday and various other matters, it has been rather a prolific week in disposing of legislation. Taxation problems are still in the formative stage but reported by members of the committees which have them in charge to be getting nearer to readiness for introduction.

The Ming bill proposing an amusement tax met with unexpected obstruction in the House when Rep. McDonald's motion to refer it to the ways and means committee was carried. It is expected the committee will report the bill out. A public hearing is scheduled on this matter for Monday evening and the bill has been made a special order for Tuesday afternoon at 2:30. It is freely predicted that it will meet its death in the Senate even if it passes the House.

Rep. McBride proposes drastic regulations on sale of medicines and foods for stock and poultry, asking that formulas printed in plain English, must accompany all packages, in order that contents may be known, and also providing that dealers must have a state license.

Rep. Netting proposes state license

## Talk about BARGAINS!

*Guaranteed

Dunlop's new Winterized  
Tire now in stock... This  
does away with Chains

**J. F. SMITH**  
Grayling, Mich.

for all dealers in pelts and furs of wild animals.

Senator Eagle of Lake City says no additional tax is necessary for financing rehabilitation of state institutions. He makes the assertion that a close revision of salaries, the dropping of unnecessary employees of the state and other measures of economy would obviate the necessity of additional taxes.

Senator Conlon proposes appointment of a state tax commission to study taxation problems and report at a special session or at the next regular session. In the meantime a proposition for a bond issue is being urged, to be voted on at the spring election, but it is not thought likely that this proposition can be forced through in time for a vote at the April elections.

A proposal to remove the state employment school for the blind from Saginaw and combine it with a similar institution here was frowned down by the ways and means committee, after a careful investigation of the Saginaw institution.

Rep. Miles Callaghan has introduced a bill proposing a license fee for chain stores. Rep. Brady has another along similar lines.

The bill providing that automobile owners shall not be liable for injuries to gratuitous passengers has passed the House. Also one changing the name of the village of Orion to Lake Orion; one to amend the arson law; one requiring prosecuting attorneys to furnish federal authorities with information regarding criminal aliens and one to permit persons ill with contagious diseases to be transported by proper authorities from one county to another for hospitalization. Sunday hunting in Genesee county is also barred in a bill which has passed the House.

Amendments to the election code proposed by the special commission were introduced in the Senate Tuesday afternoon by Senator Stevens. It provides for a permanent registration of voters, delays the fall primary one week and would place the names of presidential candidates on the ticket. The pre-primary convention proposition was not incorporated in the code.

The lion and the lamb are to lie down together, in all probability, the medicines, the chiropractors and the osteopaths will likely be harmonized under the so-called "basic science" bills which are now in process of reconstruction.

Senator Howell sponsors a bill requiring filing of a list of creditors of a mortgagor and notification of such creditors within five days after execution of such mortgage.

Election recounts, regardless of condition of ballot boxes or ballots, would be authorized under a bill introduced by Senator Lenon.

A bill introduced by Senator Sink would allow Michigan to preserve prehistoric Indian lore and relics. It would require permission from private owners or of the conservation department in the case of state lands, before excavations may be made in search of relics.

A proposition to change the name of the Montgomery game refuge to the Lunden refuge, in honor of the memory of Herman Lunden is proposed by Rep. Green and meets with hearty approval as does the proposition of Rep. Culver of an appropriation of \$1,000 for a memorial to the late Edwin Denby, a former member of the House.

Rep. Gardner's bill to bar appearing on the highways and streets of Livingston county in bathing suits passed the House after several proposed amendments including one to make the bill statewide had been voted down. If it passes the Senate it must still have to be voted on by the people of Livingston county before becoming operative.

Rep. Holbeck introduced a joint resolution permitting the state to improve rivers and streams. State improvements are now limited to roads and bridges.

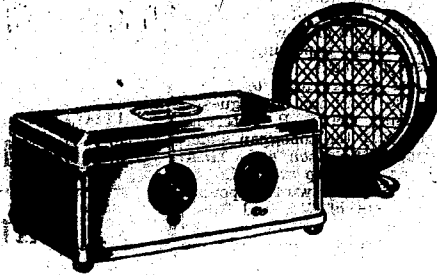

Rep. At Dykstra introduced a bill for the licensing of "beauty culturists." Bill would apply to barbers. The measure is from the established beauty parlors.

Rep. Darin proposes to exempt fraternity and sorority houses at educational institutions from taxation. Exemption from taxation is one reason for too heavy present taxation on property not exempt.

Rep. Hall's bill for more strict grading of Michigan apples passed the House without opposition and now goes to the Senate.

The first really animated debate of the session in the House featured the Thursday afternoon session when the criminal code was in committee of

# Atwater Kent ELECTRO-DYNAMIC RADIO

MODEL 46, the new all-electric receiver. FULL-VISION Dial. Uses 7 A. C. tubes and 1 rectifying tube, with double power tube stage. Without tubes, \$83.

MODEL F-2 (Electro-Dynamic) speaker. True to the whole range of music and the human voice. \$34.

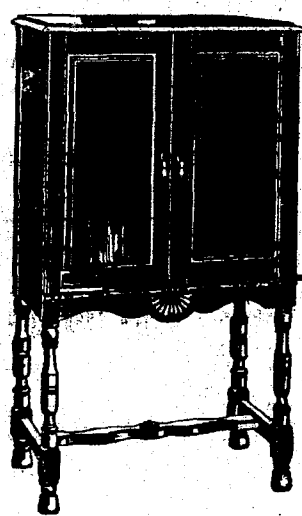

*If you could listen in a studio  
you'd hear—THIS*

If you could go to the broadcasting studio and listen to a fine program, you would hear exactly what you hear at home through the new Atwater Kent Electro-Dynamic. That's how natural its performance is. There is no detectable difference between the reproduction of this marvelous new set and the actual sound! From the rumbling of the tuba to the highest bird-note of the violin—it's real—all the way.

Of course, such rich purity of tone isn't due to the Electro-Dynamic principle alone. It's the way it's handled in this set, and the extreme

care with which the set is made. In the course of manufacture it's tested or inspected 513 times! Some operations have to be accurate to a thousandth of an inch. And the men who make it know how—they've already built 2,000,000 dependable receivers.

Whether you choose your Atwater Kent in the table model, in the compact all-in-one Model 53 or in a stately wooden cabinet, you'll hear the programs as they really sound—because every Atwater Kent Electro-Dynamic is as good as the real one!

the whole. Rep. Dykstra led the movement against any change in the present liquor laws and the arguments were hot and heavy but the bill was passed to third reading and is to be made a special order for 2:30 Thursday afternoon. Then there will be more oratory. Rep. Watson defended the proposed amendments, saying they had the support of the governor, the attorney general and of the prosecuting attorneys of the state.

He resented the implication that the wet and dry proposition was a consideration; that the amendments were in the real interest of law and order. A measure introduced by Rep. Warner would permit the state to lease land on campuses of state educational institutions for the erection of dormitories.

Rep. Miller introduced a bill providing that if plaintiffs in malpractice suits against physicians, surgeons and osteopaths establish evidence that they sustained damage as the result of treatment it should be prima facie evidence.

Testimony of husband or wife would be competent in divorce actions involving adultery under a bill introduced by Rep. McColl.

Senator Conlon proposes home rule of counties under a plan similar to that now in use in many cities, to consolidate responsibility and increase efficiency.

Rep. Haight Friday morning introduced a bill reducing the unauthorized wearing of lodge or fraternity pins and emblems from a felony, which it now is under the statutes, to a misdemeanor, to prevent a mandatory life sentence under a fourth offense.

A bill introduced by Rep. Reed would require township treasurers to immediately transmit to the treasurer of school districts direct the tax money assessed, against lands on which taxes are returned to the county treasurer as uncollectable.

Rep. Feighner introduced a bill at the Friday session which would legalize condemnation proceedings of agricultural societies for additional lands for fair purposes.

Rep. Cuthbertson sponsors a bill authorizing sterilization of insane, feeble-minded, epileptics, moral degenerates and sexual perverts by

proper authorities without consent of the person to be sterilized, an amendment to the present sterilization laws.

The governor, lieutenant governor, Speaker Ming, Supreme Judge Potter, Senators Atwood, Campbell, Richardson and Woodruff, Representatives Snow, Teagen, Palmer, Robertson, Bushnell, Bailey and Ward, with others made up a party which made an air trip to Kalamazoo Thursday to attend the aviation conference. Two smaller planes from Detroit and two smaller ones from the local field made the trip. One big ship in the party made the return trip from Kalamazoo to Lansing in 35 minutes. The party was in charge of Rep. Wilbur Snow of Kalamazoo, who is chairman of the House committee on aeronautics.

Strawberries—Early and Late  
If you like strawberries—and who doesn't?—and want to plant some that will bear fruit after the usual season in the farm garden plant one of the so-called everbearing varieties. The U. S. Department of Agriculture. These produce berries under favorable conditions, in late summer and fall until hard frosts occur and again in early summer of the following year. To get a good yield of fruit the first year, plants of an everbearing variety should be set in early spring, as soon as the ground is in good condition and the blossoms kept off until July. A fertile soil with good moisture supply is essential.

Although bamboos produce both flowers and seeds, 50, 60, or even 100 years elapse between the blooming periods of most species.

### Bladder Weakness

If Bladder Weakness, Getting Up Nights, Backache, Burning or Itching Sensation, leg or groin pains make you feel old, tired, peevish, and agricultural societies for additional lands for fair purposes. Get Cystex today at Mac & Gidley's. Put it to a 48 hour test. Money back if you don't soon feel like new, full of pep, sleep well, with pains alleviated. Try Cystex today. Only 60c.

### LOVELLS NEWS

T. E. Douglas and T. Hanson were callers at Lovells Saturday.

Mrs. Kenneth Clise spent a few days with her parents, Mr. and Mrs. Percy Budd.

Miss Margaret Douglas and Lewis Stillwagon of West Branch spent Sunday with Mrs. T. E. Douglas.

Word has come of the death of Andrew Young at Grayling. The Young family had lived in Lovells, moving to Grayling a few months ago.

Mrs. Mike McCormick entertained the pupils of Lovells school and the ladies of Lovells at a Valentine party. Games were played, and a nice lunch was served. Mrs. Alfred Nephew won first prize and Mrs. Percy Budd the consolation prize.

Mr. Fred Kneht has been visiting friends in Lovells.

Mr. and Mrs. Joseph Doby and Percy Budd have been at Mike Lux's the past week at Crapo Lake.

Mrs. Terhune of Lewiston was a caller at Lovells Saturday.

Mr. Gideon Kibbler is visiting in

Saginaw and Monroe.

Everybody is busy putting up ice these days. They must be expecting warm weather.

Among the numerous poisons which unwary insect pests take into their stomachs with fatal results—known as stomach insecticides—arsenic in various forms is the most extensively used and most dependable. About five million pounds of Paris green (which contains arsenic), 25,000,000 pounds of lead arsenate, and 30,000,000 pounds of calcium arsenate are produced each year in the United States.

**Sickly Boy, 7, Gains  
15 lbs. Father Happy**

"My boy, 7, would not eat. I gave him Vinol and the way he eats and plays now makes me happy. He gained 15 pounds."—J. F. Andrea.

Vinol is a delicious compound of cod liver peptone, iron, etc. The very FIRST bottle often adds several pounds weight to thin children or adults. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. Tastes delicious. Mac & Gidley, Druggists.

A green-manure crop should be turned under at least two weeks before the next crop is planted.

Will make the Skin clean, smooth and white and preserve it from the action of drying winds or cold and bright sunshine. Quickly soothes and relieves Sunburn, Eczema and all Skin Eruptions. ALCOHOL 15% For gentlemen after shaving it will be found superior to alcoholic toilet waters.
